Dear Mr. Maan:

On February 10 - 11, 2015, the California Environmental Protection Agency (CalEPA), the California Office of Emergency Services (Cal OES), the CAL FIRE - Office of the State Fire Marshal (OSFM), and the State Water Resources Control Board (SWRCB) conducted a Unified Program evaluation of the Yuba County Environmental Health Department Certified Unified Program Agency (CUPA). The evaluation comprised of an in-office review of regulated facility files and records and oversight inspections.

Upon closing of the evaluation, a final Summary of Findings was issued to the CUPA, identifying a program deficiency and providing a corrective action with timeframe for correction. Program observations, recommendations and examples of outstanding implementation were also noted.

CalEPA has received the required Deficiency Progress Report from the CUPA to demonstrate progress towards correction of the deficiency identified in the Summary of Findings. Upon review of the submitted Deficiency Progress Report, the deficiency has been corrected. The implementation and performance of the Unified Program by the CUPA is considered to be improved from satisfactory with improvements needed to meet Unified Program standards.

Mr. Tejinder Maan
