Dear Mr. Navarre

On July 14 and 15, 2014, the California Environmental Protection Agency (CalEPA), the Department of Toxic Substances Control, the California Office of Emergency Services, the CAL FIRE- Office of the State Fire Marshal, the State Water Resources Control Board conducted a Unified Program evaluation of the County of Siskiyou Environmental Health Division Certified Unified Program Agency (CUPA). The evaluation comprised of an in-office review of regulated facility files and records and oversight inspections.

Upon closing of the evaluation, a final Summary of Findings was issued to the CUPA, identifying program deficiencies and providing corrective actions with timeframes for correction. Program observations, recommendations and an example of outstanding implementation were also noted.

CalEPA has received the required Deficiency Progress Reports from the CUPA to demonstrate progress towards correction of deficiencies identified in the Summary of Findings. Upon review of the submitted Deficiency Progress Reports, all deficiencies have been corrected. The implementation and performance of the Unified Program by the CUPA is considered to be improved from Satisfactory with Improvements Needed to Meets Unified Program Standards.

Thank you for your continued commitment to the protection of public health and the environment through the implementation of the Unified Program.
